# JIM SHORE

The enormous popularity of award-winning artist Jim Shore is the result of a lifetime of dedication, inspiration and plain old hard work. And as with most successful people, some good fortune has played a part. As Jim puts it, *'Art is something I've done all my life. It's what I've always loved and the only thing I ever wanted to do. But making a living as an artist isn't easy. There are thousands of talented people out there that never got the chance to show what they can do. I've been lucky. Not only do I get to do what I love, I get to share it with people around the world. I've been given a tremendous gift and I thank God for it every day.'*

Jim Shore grew up in rural South Carolina, the son of artistic parents who instilled a love of the traditional imagery of American folk art. His grandmother was a master quilter who taught him an appreciation for the patience and skill required to bring intricate designs to life. Jim drew inspiration from these roots. *'There's an innocence, a purity in the designs found in early American art, particularly in quilts. These were masterpieces designed by artists driven to create. I collect quilts dating back over 150 years and when I look at the level of skill and creativity I am constantly amazed. It's high art from every day, often humble surroundings.'* Initially Jim pursued his art where and when he could. He studied and received a degree in engineering, not art. He supported his young family as an engineer, honing his skills as a sculptor and painter in his spare time.

But Jim's passion was his art and after several false starts and financial setbacks he founded his own business, Designs Americana, to manufacture and market his designs. It was tough going in the beginning. *'We went to our first show with just a few pieces and no real plan for how we'd ship any orders we got,'* Jim recalls, *'We didn't have a factory or a warehouse or a staff. It was pretty much a wish in one hand and hope in the other. Luckily we made the right contacts and it all worked out.'* Within three years Designs Americana had over 350 employees and more orders than they could fill. In fact, the demands of managing Designs Americana made it difficult for Jim to concentrate on his art. *'I needed to focus exclusively on the creative and artistic elements of my work, and that meant finding the right business partner to handle the three piece suit side of the things.'* There was no better partner than Enesco, a worldwide leader in marketing gifts, collectables and decorative accessories. In 2001 Jim and Enesco entered an agreement to create Heartwood Creek by Jim Shore, the line of folk-art inspired accessories that has brought him world-wide fame.

Disney Traditions combines the magic of Disney with the artistry of Jim Shore. Bringing the beauty and universal appeal of Disney characters into a unique blend of enchantment and Americana folk art.

## ACCESSORIES

The Golden Age of comics may have passed, but the Silver Age is here to stay — and has been given the Jim Shore treatment!

Our DC by Jim Shore collection sees some of the world's favourite superheroes in their iconic Silver Age costumes, reinterpreted in Jim Shore's highly recognisable carved-wood style inspired by folk art forms of quilting, rosemailing and tole painting.

With popping colours, and details on each figurine's base that are unique to them, all of these pieces will be a 'super' addition to any DC fan's collection!
