DONATELLA COPERCCHIO

It is not what you look at that matters.
It's what you see !

Donatella Coperchio is a **craftswoman-artist**.

When she was a child she had already shown a precocious interest in drawing and painting, she attended the Art School and the Academy of Art, tireless worker, she has spent a lot of time in the artisan workshops in her town. It is from the **craft masters** that she has inherited above all the awareness that **there are things that only hands can do**, the value of the small imperfections that make every object unique and **the great power of patience**, basic factor to reach an excellent result. She is absolutely sure **that the love and the passion** that she employes remain unchangeable in her creations; the work, the efforts, the satisfaction, the joy that you feel when an idea turns into a real object, when **an emotion takes shape and that shape** keeps, **secretly**, all the past of the one who created it.

LAUREL | BURCH

WE ALL BELONG TO THE SAME TRIBE.

The images created by Laurel Burch, are imaginative and timeless. They are artifacts realized marvelously and inspired by a mythological world, typical of her imagination.

Laurel Burch, who learns to paint as an autodidact, considered herself as a folk artist who would tell stories. **“In a world that is moving fast”, she said, “we need any evocative symbols of the spiritual sphere and its evolution”.**

The Laurel Burch universe continues to bring joy to millions of people around the world, creating the perception that, no matter where we are and when, what our different experiences could be, we all belong to the same tribe.
